

# Tap to pay with TAP2RIDE

## Get a Contactless Bank Card

Are you interested in using [agency name] Tap2Ride program but don't have a contactless bank card? We are pleased to share Bank On's safe, low-cost, easy-to-use bank and credit union accounts that offer contactless bank cards

### What is *Bank On*?

*Bank On* ([joinbankon.org](http://joinbankon.org)) is an initiative by the **Cities for Financial Empowerment (CFE) Fund** that supports efforts to connect consumers to safe and affordable banking accounts.

*Bank On* has developed **model account standards** for low-fee banking accounts. When banks and credit unions offer products that meet these standards, they can receive Bank On certification. There are currently over **450 certified accounts available with more than 46,000 branches nationwide**. Over 50 Bank On certified accounts are available in California today, including the local ones listed below.

### What are the benefits of a *Bank On*-certified bank or credit union account?

- You can open your own affordable, safe and certified bank account any time, online or in person.
- Nationally certified *Bank On* accounts have no overdraft fees.
- Most *Bank On* accounts cost \$5 per month or less.
- You can use your *Bank On* account to manage your money and pay bills at no cost.

### How do you open a *Bank On*-certified bank or credit union account?

**Step 1:** Choose any bank or credit union from the list of certified accounts below.

**Step 2:** Open your own safe *Bank On*-certified account.

**Step 3:** Use your new account to tap your contactless bank card for easy, affordable travel!
